

Geography

Comparison study of ...

Bologna and Sheffield—Where would you prefer to live?

- Observing and measuring the present human and physical features
- Looking at land use and climate
- Looking at economy and culture

The Avenue Wash

Land use patterns: understand how aspects of these have changed over time.

We will be looking at the Wash lands venue Nature Reserve.

- Land areas and changes over time
- Observing and measuring the present human and physical features

Life Skills

We will be looking at Being Healthy and looking after our bodies including our Mental Health.

We will also be learning about Drug Education, Bites and Stings and Asthma.

Design and Technology

We will be looking at healthy eating.

We will be designing and making healthy meals using our DT and our science knowledge to create wonderful dishes.

Year 3 / 4 Spring Term Planner

English

We will begin the term by writing a persuasive letter to the Prime Minister linked to the Rule of Law and British Values.

Then, we will be using the book 'The incredible book eating boy'- By Oliver Jeffers to write an Explanation text on the Digestive System.

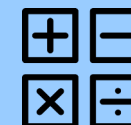

Later in the term we will be using the book Apes to Zebras to create some Shape Poetry.

In addition, we will be writing an adventure story using the text, 'Adventures at Sandy Cove'.

Maths

In maths we follow the White Rose Scheme. This term we will be learning about Multiplication and Division. We will explore a range of different calculation strategies including written and mental.

Homework

In Y3/4 our spellings will be sent home on a Friday to be tested the following Friday. We will focus on a range of spelling rules and words from the Year 3/4 Spelling Shed Scheme.

Furthermore, we will continue to use www.timestable.co.uk to help us to practise our Multiplication tables. In addition to this, a weekly multiplication paper test will be completed on Fridays in Year 3/4 maths lessons.

There will also be a multi intelligence homework grid for each term's topic with home learning being displayed at our end of term celebration.

Art

We will be looking at using pencil and drawing skills this term.

We will be focussing our inspiration around Da Vinci and human illustrations and animal illustrators.

Computing

As part of our computing lessons, we will be using Purple Mash to learn about a range of different topics:

- Animation
- Logos
- Research—effective searching
- Branching data
- Short films—editing

Physical Education

In our PE lessons, we will continue with learning our orienteering skills and combining them with other lessons.

We will be learning about Circuit Training and playing Cricket (striking and fielding). In addition, we will be learning about outdoor and adventurous activities.

Religious Education

The big questions for this term will be, What does it mean to be a Christian in Britain today?

What can we learn from religions about deciding right and wrong?

Languages

In French, we will be learning new words and phrases. We will understand a range of familiar spoken phrases, answer simple questions and give basic information. During this term, our main focus will be 'our school and Where in the world?'

Science

We will be looking at teeth and their simple functions along with Digestion—looking at basic parts and the basic functions.

Later in the term we will turn our hand to constructing and understanding food chains.

Exploring the classification of animals their locality and the environment—looking more closely at dangers.
